

The final Fall 2020 shuttle schedule is still being determined. It will be posted in August prior to the start of the semester.

Current social distancing restrictions require us to modify our regular shuttle route for the Fall Semester in the following ways:

- **Reducing the number of passengers to 5-8 per bus**
- **No standing passenger will be allowed**
- **The service level may be affected**

All modification that are listed will be re-evaluated as social distancing and other changes occur.
